

Dear Parishioners,

I am THRILLED to inform you that Saint Ann School is one of 35 Archdiocesan Schools designated as "Super Schools." We have received a Grant to participate in a new exciting reading program entitled "Super Kids." It is written and published by Pleasant Rowland, the woman who wrote the *American Girl* series. The goal of the Super School Initiative is to create schools that are nationally recognized for excellence in primary-grade reading instruction. The program is a comprehensive, phonics-based reading and language arts program, and our teachers have been specially trained for the program. Watch for GREAT THINGS!

**School Bells will ring here at Saint Ann Parish School
August 23, 2010.**

We have 235 children registered so far for grades Pk-8. On August 23, Kindergarten children will come with their parents for Orientation that will finish at 10:00 a.m. Grades 1-8 will dismiss at 11:30 a.m. on Monday, August 23. The week of August 23, Pre-School will have Parent Orientation during the week, and will begin classes on August 30.

Our Mission is to follow the example of Jesus in building a community filled with respect, trust, and compassion, and to impart knowledge that will serve a lifetime. In partnership with parents, Father Bill, and the parish community, faculty and students create and maintain a challenging learning environment where Catholic Christian principles are learned and lived.

Join us in prayer this school year
as we offer families "A Future Full of Hope."

Donna Lamoureux
