Admiral Gallery 4th Degree Club...

On August 26 at 7:30 p.m. the fate of this Club will be decided! Will it pass into history or remain a proud group of Knights stepping into a new era?

Admiral Gallery was a real person, Dan Gallery of Chicago who on June 4, 1944 captured and boarded the German Submarine U505, toward the half sunk sub to Bermuda. That same sub is on display at the Museum of Science and Industry to this day. He attended the dedication of the 4th Degree Club. This Club has served the Council since 1952. Please attend and voice your feelings on August 26 at 7:30 p.m.

President Richard Czarnecki and Vice President Joe Matlon.
